## Customer Reviews

Great book! Great deal! This book is getting thicker and thicker each year, so not a lot of the same info is in the book each time. Good book to have though!

I wish this was in kindle Format. I don't always have the book when I find some guitar at a pawnshop or yard/estate sale. Being able to pull it up on my phone or tablet would make it so much better. Especially when the seller has delusions of million dollar barn find and it is really only worth 800 bucks.

Past editions had a lot more pictures of guitars. Rare guitars were missing.

good update to a necessary reference

Awesome information.

It was fairly thorough but didn't cover enough particulars. Types of tailpieces and differences in value.
