Customer Reviews

This is my new favorite way of prepping my food. Some meals I can prep at the beginning of the week and then just throw the meal in my backpack before school. As a college student it's hard to eat healthy because I'm always eating on the go. I experimented with a couple salad in a jar recipes first and loved them. I got this book to try to branch out into different meals. I especially like the Asian Noodle Salad and the Chicken Pot Pie in a jar recipes. Oh, and the other upside is that cleaning up after your meal is super easy. haha I don't really have time for that either.

This is what I really like the most as the book has nutritious and healthy collection of mason jar meals. I have tried a few already and it kick-start my day so far. Mason jar meals are good in appearance and it's good for portion control meals. Perfect for a busy person like me and I can enjoy my meal anytime and anywhere!

I've never realized how versatile mason jars are and thanks to this book i can seriously start making use of a few i have that were just sitting there. This book explains everything you need to know about mason jars from what they are to the different recipes you can use them for which i believe was just amazing. When conveying the content in this book the writer wrote so that anyone can understand and start using mason jars the best ways they can. super easy to follow instructions on mason jar recipes which by the way I found seemed all delicious to me. I've already had blueberry maple oatmeal before and I was so excited to see it listed in there as one of the recipes. I will definitely take a go at it and try it out. so for anyone who needs to know about mason jars should check out this book.

I always need to eat on the go and had never heard of the idea of using mason jars, so thought I'd give this book a go (together with the Mason Jar Salads, by the same author). The book is split into chapters for breakfasts, main meals, soups and desserts. There is a wide variety of recipes for all tastes, and I particularly liked the toasted oats & coconut muesli and Asian Noodle salad. All recipes are well laid out and easy to prepare. A great alternative to junk food.

Will having a get together with my friends soon outside, maybe camping or going to the beach, night

swimming. And I thought we will be needing these kind of foods, hassle free. The instructions are just easy, it helped me a lot and I even learned that there are a lot of health benefits. Amazing. It is also fits for long travel time. Thumbs up to Julie.

I hate planning lunch to take to work! This makes it easy, wonderful and great Tasting! And so easy to grab and go.
