Kindle: The Mini Missing Manual

Synopsis

So, you have your Kindle and are ready to start reading. Great! But did you know that you can play music on the Kindle while you are reading that new bestselling novel? How about sharing your thoughts about the book with friends via Facebook and Twitter? More than just an e-reader, 's popular device lets you do those things and much more. You can create a custom calendar to help plan your day or remember your mom's birthday, calculate the tip at your favorite restaurant, and waste a little time and have fun playing games or surfing the web. Check out Kindle: The Mini Missing Manual to learn how to get the most out of your device.

Customer Reviews

Although 'Kindle: the Mini Missing Manual' came out on August 16th so close to the release of the new Kindle 3 (or K3 as some users refer to it), the author states that the information included is applicable to "...any version of the Kindle, except the first-generation model."And true to its word, if you are looking for Kindle 3 specific information (like using WiFi), it's NOT here. In fact, the author

recommends referring back to the ' Kindle User's Guide' for specifics related to the Kindle 3. The book also recommends you follow along with your Kindle (Kindle 2, DX or 3 that is) using the latest firmware update which is version 2.5 right now. Whether future firmware updates will change the information in this manual remains to be seen. Topics covered include:• Kindle screen, buttons, battery, WhisperNet and menus• Getting e-books from the Kindle Store via your Kindle or the Web Browser in the Kindle• Adding personal documents• Getting free books• Subscribing to periodicals and blogs• Organizing your Kindle "library" (which calls "collections")• Navigating and adjusting reading material on the screen• Using notes and highlighting• Listening to books and podcasts• Surfing the web• Using the Kindle for e-mail, Twitter and Facebook• Kindle Tricks: Playing games, adding photos, using Kindle as a personal organizer• Keyboard shortcutsWho This Book Is For: It's ideal for someone totally new to using any Kindle. The topics in this Mini Missing Manual apply best to a Kindle 2 or DX.
