Customer Reviews

Doug Kelly's new book is a nice addition to a toy collector's library. But with only 125 brands mentioned in the book, it doesn't cover even half of the known brands of diecast and related automotive toys and models. Another book, *Collectors Guide to Diecast Toys and Scale Models* (by Dana Johnson, \$19.95 from Collector Books, ISBN 0-89145-693-7) covers 416 such brands, with another 150 brands discovered since its 1996 release. (Over 560 brands will be included in the second edition scheduled for 1998.)

The Die Cast Price Guide will be a greatly appreciated resource for collectors of post-war die cast vehicular toys and models, from Hot Wheels and Matchbox to Tootsie toys, Dinky Toys, Burago, Danbury Mint and Franklin Mint. The author explains how die cast vehicles are produced; what constitutes "near mint"; how to ask the right price and how to interpret today's market.

My brother died leaving me a collection of model cars. But none of them were in this guide. I guess

they are not the type of car that this guide covers.
