## Customer Reviews

This book about bone broth is so great because all the best techniques and tips on how to get the benefits of bone broth are discussed here. From defining what is bone broth, to it's health benefits and how it helps in aging and losing weight, this book almost covered it all.Excellent guide! Very

insightful and informative. I never knew about bone broth and this guide really opened my eyes to all the benefits it offers. I tried it out and was pleasantly surprised.

Your one way ticket to stay healthy and young This book is the best book for you if you really want to lose weight and get a natural healthy life. I found this book very useful as it has all the information about Bone Broth and its benefits. By reading this book you will learn how to use these tips and apply them in your real life and become healthy. It has different bone broth recipes with great tips so you will never look aged if you use them. I must say that it is a one way ticket to your healthy life that you've always wanted to live. It's worth your money for living a young life.

I am not gonna get any surprises or have any doubts about this diet, because it is visible that the author has taken great care and effort to explain this dieting method in detail. She has explained:-1) Health benefits 2) What this is all about 3) How this helps aging 4) How this helps lose weight This isn't just one of those diet books, with a small intro and then copy/pasted recipes for the rest of the book. The author that since loads of recipes can be found over the internet she has shared just one recipe that she has used. This was well worth my time, just for educating me with the benefits of the bone broth diet. There are no recipes here, but this is a good source to enlighten oneself about the bone broth dieting method.

This is a great book! After reading this book you will discover that this is a diet that works perfectly for just anyone who is looking to change the quality of his or her body. It covers the absolute basics of what you need to know to make great recipes and get healthy. Explore the different recipes that are included in this book. They're very healthy and amazingly delicious. I really enjoy the recipes in it and can't wait to try some of them. Short but useful book!

I came across this book by doing some research on food that has anti-aging qualities, and I was quite surprised to see that bone broth has such properties. The book does a great job at explaining why this is the case, and also provides some detailed information regarding the health and weight loss benefits of bone broth. The book also contains a bone broth recipe with plenty of useful tips to make it tasty. I'll definitely include it into my meal plan.

It is been a long time since I cooked bone broth and I am planning to cook it again this time. I need to find recipes for bone broth and by browsing it leads me here. All the recipes in this book are

awesome for me. I remember one of these recipes because that is my favorite. This book is good because there are pictures of the output. I wish the author put some alternatives for expensive ingredient but the entire book is awesome.

Excellent guide! Very insightful and informative. I never knew about bone broth and this guide really opened my eyes to all the benefits it offers. I tried it out and was pleasantly surprised. I'll definitely be making this a staple of my diet going forward. Lots of great suggestions and tips throughout. I highly recommend this guide to anyone looking to make a positive impact on their life and health. Great stuff!

This book has explained it all to me! great read and very informative. I didn't know that there are a lot of recipes you can do with bone broth. This book describes the wonderful benefits of bone broth. I am new to this and was only introduced to it a week ago. I saw interesting tips on how to make the broth look interesting and taste really good.
