This book was really helpful in understanding the Zone Diet so I could decide if it would be right for

me. I liked that the book has lists of what to eat, what to avoid, what to have only a little of, and precautions. This was one of the most helpful parts of the books for me. When I ask myself the question - "Can I eat this?" - I should be able to easily know the answer quickly based on the lists. The 7 Day Meal Plan with recipes was excellent. The recipes are easy to read and prepare and they sounded delicious. I'm going to make some of these recipes even if I don't do the diet. The recipes don't sound like diet food at all. I really, really love that. I'm not going to eat food that tastes bad just because it's on my diet. I recommend this book if you want to learn about the Zone Diet or if you're looking for information to help you get started. I also recommend it if you're looking for some really good recipes and a meal plan. This book is very helpful.

The Zone Diet is the perfect diet for me. You can lose weight while eating Chicken Quesadillas for breakfast. Count me in. I have been hearing about this diet for a while now. I never really understood how it worked until I read this book by AJ Parker. The author does a great job of explaining the diet and its benefits. And they have added a menu with recipes that make my mouth water. Definitely a must read.

What a great book for Zone Diet. I never thought it could give any information that are fully helpful with me and my family. I really like the concept and the recipes provided here. The zone diet tips on weight loss is really amazing which I am initiating now after reading. Definitely Recommended!

I liked that book because of here are some lists of food that are best consume on the diet, here are lists of restricted on this diet ! here is a list fruits and vegetabels that should be consumed in a very minimal ammount, precautions , benifits. by reading this book i also know that zone diet work for my body and weight loss .also knowing daily meal planing and directions . I highly recommanded for it

The book contains proven steps of the zone diet has proven to be the best and most effective way to lose wight and keep it off. It is simple, doesn't take much time, and best of all, you don't have to spend countless hours trying to decide what to eat. Zone diet is great diet and also helpful for those persons who want to loss their weight.

This book will teach you how to eat properly to lose weight and shed off those unwanted fats on your body. You'll learn about a 7-day zone diet meal plan that will change your life and your health. All you need to do is take it seriously and make sure to not get side-tracked from your ultimate goal.

I highly recommend this book to people who are health conscious and to those who want to create a better, healthier, and leaner version of themselves.

Great book! I loved all the perks of this diet, especially decreased signs of ageing, and losing 1 to 1.5lbs a week! These recipes were super delicious too so i didnt even feel like i was missing out on anything!
