Customer Reviews

Aaron decided the plagues would look best on the dishes. Luckily they are a bit sanitized for kids, so people were still able to eat. (They did wash off easily.). Anyway, the book makes a little Haggadah and helps to pass the evening. He loved the book, and you know the plot is really quite interesting.

Passover Seder tends to run on the long side so I wanted to purchase something for my twins to keep them busy during dinner service. These sticker books were the magic ticket! Not only could they follow along with the story, but each aspect of the Passover story has a sticker, right down to the number of glasses of wine we drink. Each section of stickers is clearly labeled so you can follow along during service and place the stickers accordingly with the story. They loved everything about these sticker books, and so did I. They were so proud at the end when their books were all filled out. It made Passover a very fun event for them.

This sticker book was very much enjoyed by the kids, while learning about the Passover story. Very entertaining and educational.

We are not Jewish, but we are interested in learning more about the Biblical feasts. This Passover sticker book was a great way to explain concepts to our grandchildren. I have recommended it to others who are looking for interesting ways to explain the feasts to their children.

This book is glossy paperback. The stickers in the middle of the book are used on the 7 story pages to add pictures. The stickers are paper, not plastic as expected. They are not reusable as advertised. This product only serves for a one time hands-on sticker activity. I purchased it for its expected reusable quality for children at synagogue. This is not going to work. The stickers tear when they are peeled off for reuse. The story and captions for the pictures are short and to the point. It's a good little book if you only want to place the stickers once.

I liked this more than my almost 3 yo! We will save it and get it out next year to review the story. The stickers are sometimes pictures of kids dressed up in the roles of Miriam, Pharaoh, Moses, etc. The only reason for 4 stars, is that one sticker seemed to be not included (the bitter herbs for the seder plate!? I think we ended up just coloring the blank spot green with a marker).

The Passover sticker book is exceptional. We had just experienced our first in depth Passover/Seder meal with a Messianic Jewish Rabbi along with my two great grand daughters, and this helps them relive this wonderful experience.

It would be nice to find Passover stickers that had characters that looked like the people they're depicting. Our children didn't like seeing other kids just dressed as if they were at a costume party. Where are the stickers that show the princess, Moses in some of his numerous incarnations (baby, royalty, shepherd, leader) Miriam, Yocheved, Tziporrah, etc? Passover supplies for children show a disappointing lack of imagination. As for DK publications in general: they are often disappointing; their information and depictions often leave something to be desired. I would buy any of their publications only after a careful reading.
