Hobbit Hospitality: Recipes For Second Breakfast, Elevenses, And Afternoon Tea

Synopsis

Of all the races of Middle Earth, I would most like to be invited to tea by a hobbit, and I suspect so would nearly all of you. There is something so cozy and comforting about a hobbit (they are the softly worn cabled sweater of peoples), but the thing that I always find most enviable and appealing about the hobbit lifestyle is the food, and especially the dining schedule. Who among us has never, when being press-ganged into a morning meeting, wanted to borrow Pippinâ™s objection and ask our bosses âœwhat about second breakfast?â (stale bagels and lukewarm coffee would not cut it in The Shire, you can be sure of that). In this little book I try to imagine the sorts of things hobbits might make for their many meals, and to have on hand for the unexpected guest. I stuck with foods that are relatively simple to make, but are made more delectable by such simplicity. In the spirit of hospitality I include a number of vegan recipes, or adaptations, and instructions for making any recipe gluten-free, because hospitality means everyone having something they can eat. You'll learn to make such treats as the ideal pot of tea, your own jam, the best ever waffles, perfect fried potatoes, and all points in between. As a special bonus this book includes a knitting pattern for a tea cozy worthy of Bilbo himself.

Customer Reviews

This ebook is amazing - exactly what you would expect from the title and cover, but with lots of humor sprinkled in (i.e. after her potato pancake recipe, Jones suggests that you "eat as soon as possible, as if I could stop you."). The clincher on this book for me was that she provides instructions on making each recipe vegan or gluten free. As a lover of tea time who cannot eat gluten for medical reasons, and who frequently wants to cry while watching everyone else eat scones, this was wonderful. My favorites are the scones and the Victoria sponge, although I'm also excited to try the cider/cheddar bread. After all, as Jones says, "hospitality means everyone having something they can eat."

While mostly a book of British recipes, its still fun and all the recipes I've tried have turned out very well. Which is the point of any cookbook so I'm giving it 5 stars. All the recipes are completely hobbyist and would do very well in everyday use or for a themed party.

The recipes are amazing and pretty straightforward. Looking forward to cooking my way through it over the next few months. :)

I liked the book, two spelling errors. Was the book proofread? The recipes are straightforward and the author's humor is a nice touch. The knit tea cozy is a nice finishing touch for the book. Overall - well done and worth the price.

I would love to give members of my sit and knit group and my stash burster quilt group a copy for a gift. Our groups revolve around hot teas and something from the oven.

Great book with some great recipes would have liked to have had more and for the rest of the Hobbit meals.

Cute and some of the recipes, or I should say, all of the recipes, I want to try!
