Many of us know Steve Harvey from his work on a variety of media platforms, including television, radio, and online. He is a ubiquitous face in American media, and he also happens to be one of the most charismatic personalities around. He takes that charisma and sage wisdom and packages into Act Like a Success, Think Like a Success. As one of the most successful Americans today, Harvey certainly knows a thing or two about how to get things done. He also knows how to make you laugh along the way. This book is full of warm, funny, and powerful anecdotes and advice that almost everyone can follow to achieve their dreams. Harvey is not a traditional self-help guru, which makes his advice ring truer than most others. Following his action plan, I've been able to turn my life into much more of a success. I've also used a book called 27 Quick Life Transformation Tips: Simple & Effective Methods For Making This Year Your Best Ever. It takes a similar "no-nonsense" approach to dispensing basic life wisdom that can prove to be profoundly transformative. The transformation tips are nothing short of brilliant and the action plans are easy to follow and maintain. Advice in the book ranges from business expertise to keeping your body in shape and healthy. It's a great book that gives you a holistic look at how to change your life in short order. Indeed, many of the tips don't require a lengthy time investment. You can make direct, positive changes in your life and work your way toward success in no time.
