Synopsis

Start cooking simple and delicious Indian Recipes at home Today, all healthy and easy to prepare ! Today only, get this bestseller for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. With all its exotic ingredients, unfamiliar dishes, and tongue-tingling flavors, Indian cuisine can be both exciting and intimidating. It's such a complete world of taste! Don't be afraid to start playing around with cooking Indian food at home. First, it's important to understand the various dishes and flavors that make up Indian cuisine. There's as much varied cuisine in India as you would find in Europe or America. It's all totally different, and the only thing that connects it is a judicious knowledge of the use of spices. There are a basic 20 to 30 spices that are used in many dishes - cumin, coriander, turmeric, and ginger, to name a few - and there are an infinite number of ways of using them. Every spice has a reason for being there. They have health benefits, and they make the food more exciting and flavourful. Contrary to common belief, not all Indian dishes are curries. However, 'curry' has become a catch-all name for any spice-based meat or vegetable dish with a sauce. Curries can be watery, dry, red, green, hot, or really, really hot - it's completely up to the chef in charge. In fact, a basic chicken curry is one of the simplest things to start with when first experimenting with Indian cooking. This short book was designed as an introduction for beginners to the Indian rich culinary traditions. Here is a preview of what you will learn...Chapter 1: Indian Cuisine and Recipes - An OverviewChapter 2: Simple and Easy-to-Prepare Indian Recipes for BreakfastChapter 3: Must-Try Indian Recipes for Lunch and DinnerChapter 4: Fast and Easy Indian Recipes for SnacksChapter 5: Delicious Indian Recipes for Drinks Much, much more! Customer Reviews

I am a big fan of spicy, Indian dishes. This books gives a wide range of recipes to cover your culinary needs for breakfast, meal and dinner. The only problem is the language. It would be great if Author used English words even for the typical Indian spices because most of us don't know their generic names. Adding a glossary at the end would be also convenient. Overall, the book certainly delivers what it promises.

It is not easy to find a simple cook book for Indian cuisine with clear and concise instructions. This is

an excellent beginner guide for cooking Indian cuisine! I love to cook but have never cooked Indian food before. Fell in love after trying Indian dishes because of the flavour and spices and can't wait to try some of these recipes. I'm very excited to try the Murukku dish highlighted in this book!

This cookbook has a good variety of recipes to choose from. The lay out is user-friendly. The information is helpful and I am looking forward to using what I have learned in my own cooking.

I love Indian food!!! It's my favorite next to Chinese. This cook book is very easy to follow. It's really perfect for beginners like me.
