When I got my ham license in 1967 my buddy had a Drake TR3. I thought it was the coolest radio around. Now 45 years later I have a collection of restored and original Drake Ham radios. I always wanted to know more about the Drake company from Ohio. A must read for collectors. Mike N4VG ex WB4GTM

Anyone who is a Drake collector should have this book. I highly recommend this piece of Drake history, from beginning to end, along with the modifications and “fix-its”. I have 32 pieces of Drake equipment and I commend Mr. Loughmiller for writing a book that brings all Drake collectors together. Thank you John de Ron, WA6YOU
