Foreword by JEN HATMAKER
What if you could become a powerful force for good in the world without moving overseas, burdening your overwhelmed family, or giving up the comforts of modern life? DOING GOOD IS SIMPLE is a simple, yet powerful book. The author’s life was radically transformed whilst on a visit to Zimbabwe. He spend a few minutes in a gas station, and his life was never the same: “A few minutes at a gas station and a single day with thirty orphans changed my life. It was as if God had pried me out of my comfortable Western Christian context, dropped me in
the middle of hell, slapped me in the face, and shouted, âœWake up! I need you to care for these little ones because I do.âœThe theme of this book is that Christians can love others in simple ways, using your God-given talents: "Doing good is not as difficult as you assumed. Itâ™s not as complicated as you thought or as taxing as you supposed. It wonâ™t require moving to Africa or giving up all your modern comforts or burdening your already overwhelmed family. But it will require you to get creative, have a little fun, and shift some of your thinking." Christians can easily be overwhelmed, as the author was, when facing horrific circumstances around the world. The author mentions 3 hurdles that might hinder efforts: Hurdle #1: âœThe Issues Are Too Numerousâœ Hurdle #2: âœThe Problems Are Too Bigâœ Hurdle #3: âœThe Solutions Are Too Complicatedâœ These hurdles can become real obstacles, but no one is called to fix everything. "You canâ™t; that is not your problem or role. Take a moment, breathe, and allow that truth to bring peace to your weary soul." The Bible calls all Christians to make a difference--not just the super powerful. God uses "ordinary people to do his extraordinary work...You can take small, powerful steps to move toward a life filled with compassion, a life in which God uses your gifts to bring hope to the hurting.

This book has helped me a lot as I look around and see so much pain and suffering and feel quite hopeless to do much about any of it. Mr. Marlow says: âœGod is leading, we are following, and we have to learn how to rely on him. If we fail to do this, good people who care about others deeply but try to serve out of their own strength will get frustrated and walk away when they realize that they do not possess the power to make the changes they want to see. Only God does!âœ Chris goes on to say: âœThis subtle but vital truth will empower us to know that we are good enough, we are gifted, we share the burden with Christ, and yet we donâ™t have to carry the impossible weight of fixing all the worldâ™s problems. This means we are free to serve, love, fight for good, and yet we can rest our souls because God is in full control.âœ The book tells the authorâ™s journey to starting his nonprofit, the struggles heâ™s had with seeing such poverty and feeling so insignificant. And, yet, he also talks about we can make a difference for people in simple ways and that it really does make a difference. He tells stories of people heâ€™s met and how he was visiting in a village where his organization had started to help. He was meeting with one of the leaders there. They were sitting around eating, and the guy told him, âœThere are children who donâ™t have to sleep on the dirt floor because of your gifts. They got mattresses to sleep on. They can go to school.âœ He talked about having to go to the bathroom to cry, because he thought of all the other children who would be sleeping on the floor in the dirt. He warns people that when you get involved in doing good that you have to learn to be like a marathoner: âœOver the years Iâ™ve learned a
lesson: overwhelmed people quit!
