Home For Christmas
Synopsis
A wild little troll runs away from home because he doesn't want to do his chores. Rollo tries living with various woodland animals, but he finds out that there is no place like home, and returns to his family just in time for "the best Christmas ever." Among the animals who take him in are an owl family, a mother bear and two rambunctious cubs, some playful river otters, a hungry lynx and a friendly moose family. Jan Brett creates an irresistible, mischievous character that kids will recognize in themselves. Jan transports us to a glorious Scandinavian landscape where a beautiful fall turns into a magnificent snowy winter. Her signature borders depict the troll family missing Rollo, and animals as appealing as those found in The Mitten. A warm, fun-loving Christmas picture book for families to share and love and laugh over together.

Home for Christmas tells the story of a naughty troll who doesn't want to do his chores. After a brief visit to some other families (owls, otters, moose, and bears), he learns that his family was pretty great after all! When he learns his lesson and loses his tail, something that happens to all GOOD, helpful little trolls, he joins his family for a lavish Christmas celebration that is beautifully illustrated with Brett's trademark detail. It's impossible to look at a Jan Brett creation and not marvel at the
artistic skill on display. The illustrations for Home for Christmas are as beautiful as ever, with enough sidebars, embellishments and flourishes to keep kids coming back for more. Unfortunately the storytelling is not all that spectacular or original, so this is not one of my Brett favorites. Our troll learns a good lesson, and it is a heartwarming tale for Christmas, but it just didn't have the impact I was expecting. This is a must have for the Brett enthusiasts out there, just not my first choice for Christmas.

We bought this at a Jan Brett book signing and haven't stopped reading it since. My almost-4-year-old asks me to read this to her at least twice a day! She really identifies with Rollo and wants to be a troll for next Halloween. We love looking at the pictures and the beautiful insets for which Jan Brett is famous. "It has wonderful illustrations and perfect storytelling" (from my 7 year old). "What I like about it is that I really love the pictures - they're so beautiful" (from my 3 year old). Our favorite bits: check out the pig's ear-hat and the cat's toy at the end. A definite warm-hearted must for the holiday season!

This is the charming story of Rollo, a naughty young troll, who runs away from home in order to evade his chores, has some wonderful adventures with a variety of northern animals, and learns the value of family and kindness. The story closes with a beautiful Scandinavian Christmas celebration. Each page is rich with detail and brings alive its Swedish folklore setting. It's also a wonderful introduction to the lives of northern animals: owls, bears, otters, lynx, and moose. Jan Brett's illustrations are as magnificent as ever. Each page has an intricate birchbark "frame," with smaller pictures tucked into the side of the frame which point to other parts of the story. They're perfect illustrations for allowing the child to help tell the story: much of the detail one notices in the illustrations isn't repeated in the text. While the storyline is more predictable than The Hat or The Mitten, it's charming and good for reading aloud. Curl up with your child and some mugs of cider and enjoy this book together on a long winter evening.

I'm a huge fan of Ms. Brett. Her artwork is fantastic and so full of living detail. In this book, she teaches the lesson that everyone needs to help at home to make things work right. When the little boy decides that it would be nicer to run away from home than have to do chores, he finds out that it's not that easy on your own. Brett's books usually always have a main storyline going on across two pages and the sub-story going on in the pictures in the margins. I don't actually buy these books for kids anymore as much as I collect them for myself. This is a must have for every child and
child-at-heart on your Christmas list. Fall in love with Jan Brett like I have and you’ll have to get all her books, too.

What I like about the book: I loved the illustrations. I always love Brett’s illustrations. Not only is Home For Christmas full of Brett’s trademark illustrations it also contains a valuable lesson on kindness and responsibility. In true picture book fashion, as much of the story is told in the pictures as in the text. We see Rollo’s adventures in the main pictures and text while seeing his family’s story in the heart shaped vignettes included in the borders of the pages. This is a great holiday picture book for readers of all ages.

What I didn’t like about the book: LOVED it all! Recommended for pre-school and up. AR Reading Level: Not an AR book as of November 28, 2011

Mrs. Archer’s rating: 5 of 5! I have already added this to my next book order for the school library.

We received this book when my now 3 year old was 2 1/2. It has been her choice for a good night story since we got it! My five year old also loves it. In fact, I do too: I haven’t gotten tired of it yet. We like the different animals that Rollo meets along the way. There is some information about how each animals lives, eats or shelters. We enjoy the details and interesting drawings, that are so alive. Most importantly, the story sends a wonderful message about family and the work it takes ALL OF US to do, to make a house a home. My kids have chores, just like I do, no allowance, no praise: we all have to work to make it happen. Home for Christmas makes it clear that a house is a happy home when we all work together.

What can I say...children love Jan Brett’s stories & exquisite detailed watercolors. Tells the story in pictures & poetic words beautifully. Added to my collection that started for my grand-daughter & continue for her daughter.
