Customer Reviews
There’s not a lot of printed information in this book, it’s mostly pictures, but I absolutely LOVE this book. The pictures are great, & they come in handy if you need something to refer to, say for auction information (buying or selling). I highly recommend this book if it’s pictures of vintage items you’re after, you won’t be disappointed!

I’ve had this book for years and look at it often. the European dolls pictured are not seen in most other guides. I wish some of the photos were better and that the color was more true to life in them but I can’t fault her research or her doll knowledge. I don’t know this author like I do Jim or Michael or Joe so this is a legit review and not done out of kindness but the guys i mentioned are top notch too and don’t need friendship reviews either
