Collector's Encyclopedia Of Barbie Doll Exclusives And More: Identification & Values (1977 To 1997)

Synopsis

Collector Books is proud to release the second edition of this book, now including all Barbie exclusives produced and discovered by collectors since 1997. This all-in-one resource features over 1,800 vibrant color photos of Barbie exclusives with close-ups of each doll and descriptions. This encyclopedia includes the unusual and rare ultra-limited Jubilee series of dolls, the porcelain and vinyl dolls produced for Disney, the complete Barbie Festival collection, every national Barbie doll Collectors' Convention set, a spectacular collection of one-of-a-kind Barbie dolls auctions by Mattel for charity, and much more. 2002 values. REVIEW: This book is a thorough and complete single-volume encyclopedia featuring every department store special, every Barbie doll exclusive, and every Collector Series Barbie doll and fashion released since 1972. This edition includes over 75 dolls not seen in the previous edition and now features the enormously popular Silkstone Barbie Fashion Model Collection.

Customer Reviews

I just received the COLLECTOR'S ENCYCLOPEDIA of BARBIE by JMichael Augustyniak. I thought I knew a lot about the value of each doll, I sell them and buy them regularly right here on .com auctions. However, I opened the pages of this book and it is fantastic and a must for any serious collector. All the photos are in color, by date, series, it is all in this book. You will be amazed that some Barbies are valued in high 5 figures! I'm so glad I have this reference. Everyone who is

interested in Barbie should! END

I have the first edition and love it but this second edition is even better! This book is jam packed with great pictures and information. It is a must have for any Barbie Collector. I would highly recommend it. I will be eagerly waiting for the next edition.

This book is the most wonderful Encyclopedia about Barbie dolls. It has so many dolls listed with descriptions, prices and pics of the dolls in their boxes. Many pink boxes, OoAK Mattel dolls and collectibles. Pictures are nice, they are from the doll in box, and there are closes on some dolls. If you need information on Pink Boxes, this book is the best!!! There are a new version 'cos this is not updated, the dolls showed ends on 1999. There are no 2000 dolls or 2001. But there are a second edition, so search for the new edition!

This book will entertain as well as inform you of all Barbies on the market from the past until 1996. The author is remarkable with pictures and price values. As a novice collector, I refer to this book several times a day. It has helped me to realize that Barbie collecting is a real science. Before purchasing a new doll, I check Augustyniak's encyclopedia. No Barbie collector should be without this valuable tool. HIGHLY recommended by me, an English teacher. I value this book tremendously. I happily look forward to book 2, if there is to be one. I thank the author for his excellent research skills.

This book was very informative regarding dolls and values. I wish it would have had more of the "Special Edition" models and values though. Lots of pictures that are a good size for viewing and easy to see. This book is put together very well, the index pages in the back make it easy to locate the dolls that you are looking for. I am a beginner and this book was very helpful for me to put a value on the dolls that I already have.

Simply stated, The Collector's Encyclopedia of Barbie Doll Exclusives and More is the best Barbie guide on the market and no collector should be without this in his or her library. With almost 400 pages of photos and information on the newest Barbies including rarities, the unbelievable price of \$19.95 is a bargain. Frankly, it is underpriced -- I would have paid \$40 for this guide, but hey, who am I to turn down a lower price?? Barbie collectors, if you haven't bought this book yet, do so now!

J. Michael Augustyniak's Barbie Doll Exclusives And More (appears in its second edition to update information on Barbie collectibles. Bright, eye-catching photos of Barbie packages capture attention in this revealing guide.

Whether you are a serious collector or someone who just likes Barbies and wants to learn the era in which each one was made, I recommend this book to you. I am a novice when it comes to knowing what each doll should look like, including what the clothes she is wearing should look when they are a complete set. This book is very easy to use and makes it fun to learn more about Barbie.
