Customer Reviews

I was not disappointed in the sender but was in the product. It had SOME numbers of the products but very few compared to the number of dolls. I have several Scarletts but don’t know the years etc. Putting the item/product numbers would be a big help.

International fashion doll expert extraordinaire A. Glenn Mandeville has done it again--applied his unique talents to yet another doll project that leaves the reader speechless with delight! While I also collect Barbie, I simply adore Madame Alexander, and NO ONE covers Madame Alexander like the
incomparable Glenn Mandeville! I wouldn't be surprised if the Alexander Doll Company hasn't tried to lure Mr. Mandeville to its base of operations as the chief historian and trusted guardian of the endless bevy of lovely Alexander dolls that have been released. Surely an achievement such as this book deserves both FIVE STARS and an A+ rating! Bravo!

This is a very useful guide to Madam Alexander Dolls spanning a very large time period. The photos and the descriptions are well done. This is a useful guide and worth the money.

The book was used but arrived in pristine condition. Love that. Information was useful, though may not be entirely up to date.

Very informative
