Christmas Programs For Children: 2004 Edition (Shown Above)
Most productions found in Christmas Programs for Children involve only children and require minimal group rehearsal. Everything is reproducible, making it easy for churches of any size to use.

My small church, less than 200 members, just needed a few speeches for children and teens. There was a good variety of speeches and plays, and it has served our purposes well.

These programs will be very useful in the future. Can't wait to use them. Christmas is all about kids.

I like the ideas in it. A teacher always can use it as an example or to follow the ideas in it.

Thanks!

THE PLAY WAS EASY TO FOLLOW AND ONLY TOOK ABOUT 15 MINUTES ALLOWING TIME FOR OTHER ACTIVITIES. THE CHILDREN AND PARENTS ALIKE ENJOYED IT.
