Average Customer Review:  4.3 out of 5 stars Â See all reviewsÂ (3 customer reviews)

My husband and I read a devotional together every night before bed. We have gone through many "couples" devotionals, and just great devotionals by authors that we adore. This is an ok couples devotional. It is very geared toward a family with children. If you do not have children yet, I’d pass on this one. The discussions are kind of lame, we rarely even read those. Sometimes it is hard to understand why the Rainey’s put certain scriptures with certain topics. I get bummed when so many devotionals are depressing and all about the sadness that is going on in your life. This one was ok when it came to that, but not terribly encouraging either.

My husband and I believe this is one of the best couples’ devotional books written. It has definitely drawn us closer to God and closer to each other. What else should a devotional do?! We really enjoyed it!

I expected the Hardback book, but am grateful for this handout book as it’s easy for my husband and I to share in the morning with coffee.
