240 pages of nearly 1,000 large, sharp, clear, full color salt and pepper photographs. This is the 4th volume in the popular set, with prices updated for 1999. Not much text, but salt and pepper shaker collectors will be delighted with the pictures featured. Major topics range from Advertising, Animals, American Mades to Birds, Fish, Fowl and Condiment Sets to Holidays, Nodders, Places and Plastics. There is a very nice section on "Tomorrow's Collectibles." The book’s best selling point is the quality of every photograph featured. Collectors who enjoy seeing beautiful photos of salt and peppers are sure to enjoy this volume.

This was one of the first books I bought on S&P collecting...I found it very informative & it educated me enough on different makers, materials, & styles to put me on the path of collecting S&Ps. The book helps the beginning collector & keeps the love of the search going for the advanced collector.

It's still one of my favorites.
book was nice as with all the other books i received. it had some different shakers that i have not seen before and again had several of the ones that i do have. all in all, i'm very happy and pleased with my purchases and dealing thru.

She freaked out over. Loved seeing the prices and unique shakers. It was her favorite gift from me this year for Christmas. Great success!
