Barefoot In Paris: Easy French Food You Can Make At Home

Synopsis

Hearty boeuf Bourguignon served in deep bowls over a garlic-rubbed slice of baguette toast; decadently rich croque monsieur, eggy and oozing with cheese; gossamer cr me brulee, its sweetness offset by a brittle burnt-sugar topping. Whether shared in a cozy French bistro or in your own home, the romance and enduring appeal of French country cooking is irrefutable. Here is the book that helps you bring that spirit, those evocative dishes, into your own home. What Ina Garten is known for on her Food Network show and in her three previous bestselling books is adding a special twist to familiar dishes, while also streamlining the recipes so you spend less time in the kitchen but still emerge with perfection. And that's exactly what she offers in *Barefoot in Paris*. Ina's kir royale includes the unique addition of raspberry liqueur a refreshing alternative to the traditional cr me de cassis. Her vichyssoise is brightened with the addition of zucchini, and her chocolate mousse is deeply flavored with the essence of orange. All of these dishes are true to their Parisian roots, but all offer something special and are thoroughly delicious, completely accessible, and the perfect fare for friends and family. *Barefoot in Paris* is suffused with Ina's love of the city, of the bustling outdoor markets and alluring little shops, of the bakeries and fromageries and charcuteries of the wonderful celebration of food that you find on every street corner, in every neighborhood. So take a trip to Paris with the perfect guide the Barefoot Contessa herself in her most personal book yet.

Book Information

Customer Reviews

There is not much that I can add to the reviews already written, but as an admitted Francophile, I

wanted to put my 2 cents in. As all have stated, this is an incredible book, not just of French cooking, but a slight peek into the French way of living and thinking. Obviously, Ina loves Paris, and all that is French, and you get that feeling as she deviates from strictly recipes, and goes into the various nuances of French life. Those nuances are scattered throughout the book and peppered (no pun intended) in the introductions to her recipes. The photography and food styling is excellent as usual, and as long as you aren't expecting a Jacques Pepin or Julia Child style of French cooking, then you will enjoy Ina's more simple, peasant-style fare. She talks about the visual preparation of the French table and all the ways that you can make your dining experience as simple, fresh, and carefree as the dishes. And for those who are fellow "Parisians", she guides you through the streets and markets of Paris and gives you a tour of sorts, of that magical city.

INTRODUCTION TO
START: All about French wines
Raspberry Royale
Kir
Cassis
à l'Eau
Cheese Straws
Blionni with Smoked Salmon
Cheese Puffs (Gougeres....ummmmmmm!!!)
