Act Like Men: 40 Days To Biblical Manhood

Synopsis

Men are so busy doing so many different things; when not working, their free time is often full of the trivial or sinful. But what society and church so desperately need are men who embrace all that God created them to be, who long to follow God without limits and meet the needs of those around them without hesitation. To get there, we need what Pastor James MacDonald calls "radical surgery" a deep, probing exploration and reparation of all that it means to be a man. In his definitive, bold voice, MacDonald calls men to be watchful, firm in their faith, strong, and loving. This isn't a call for bravado and bluster. It's a call for men to mix tender and tough, to be humble, to follow Jesus. It is a call to be leaders, men of God, husbands who are present and caring and strong. It is straight talk no posturing or posing or beating around the bush inviting men to redemption and restoration in their manhood. Read *Act Like Men* and take bold steps toward being all that God designed you to be.

I bought this book for my husband. He loves it, when he reads it he laughs, cries and tells me what a awesome book!! I would recommend it for all the men out there.

Are we mice or are we men ? JM gives us a call to ACTION, but not just to "act like men" but to live in today's world and BE the men that we were created to be. A great wake-up call or a heads-up for those who aren't living as the men He created us to be. Good for new families, fathers, or single men. Women should be interested in this book also, in order to better understand and assist the men in their lives to live and "act like men".

We are going through this as a small men's group study and love it. Non-condescending and deep enough to bring new revelation. I know there is a shortage of NON-DVD material out there so if you want a book only study, I suggest Act Like Men.

Another devotional for men. It is good with the subject matter, and I bet it is great for someone who has never picked up a biblically based book on being a man. But, it is basic, nothing really new here. It is a good guide as it has small chapters and they end in questions, as well as a prayer, so it can be used for quiet time each day. But again, nothing new here.

Great book, individuals should also go to the website and hear the messages.

I really like James MacDonald preaching, but I just couldn't get into this book. I found it hard to follow and a bit of a mess. I often finished a chapter and wondered what the point was. I just didn't get it.

I have been doing this as a study with a friend of mine and we both can't put it down. This book is perfect for guys. It has shorter chapters that you do each day. The author is great at being able to relate stories of his past and then putting verses to it. If you are looking to be a better man or husband..I think this book would be a great start.

Pastor MacDonald writes in a very clear and approachable tone, structuring the book in 40 daily devotional chapters. As a believer, you'll be strongly convicted with each day's reading, each concluding with searching questions to help you think about what you've read. The final devotional ends the book with a bang, with a hidden-in-plain-sight revelation so powerful that I dare say it'll change your walk forever! Highly recommended for any Christ-following man you know...and that last chapter would be great for any Christ follower, man or woman.
