Customer Reviews

Length: 37 pages. For just a dollar, armed with no more than a smart phone, tablet computer or a Kindle, cooks have access to 25 savory pie recipes. Is it worth the price? Yes, of course, this booklet is worth the price. But, as to my taste buds, most of the pies described will taste a bit flat. By all means, these are good base recipes, but, I am convinced, there is much room for increasing flavor by including various seasonings. As for myself, I love to add such spices as curry and cinnamon. I also note that there is no discussion on how to make the perfect pie crust. That's a shame.
